

Annual Report

This form may be used only if your water use licence is for a Placer Mining Undertaking.

The *Waters Act* requires all Licensees to submit an annual report, on or before the anniversary of the licence. The minimum information that you must provide is the amount of water used and the quantity, concentration and type of any waste deposited. The report must be signed by the Licensee except that, if the Licensee is a limited company, then it must be signed by an authorized agent. Please check your licence for specific reporting requirements. Please send your report to the Yukon Water Board, at the mailing address or fax indicated on this page.

The Annual Report is mandatory, but it does not have to be on this form. Please review your licence because there may be additional information requirements.

Name: _____ Annual Report for _____
(must be the name of the Licensee) (year)

Water Use Licence # **PM** - MLU Operating Plan Approval # _____

Mailing Address: _____

(if seasonal, provide alternate addresses) email: _____
