Water Use Licence MS11-019
CRS Copper Resources Corporation

Part C, Section 20 (a) of Water Use Licence MS11-019, issued on June 3, 2011 sets out the following:

20. a) construction activities for the replacement of the bridge crossing; and

This section contains a typographical error which included 'replacement'. During review of the application for this licence, it was clearly indicated that this was a new bridge installation, not a replacement. This section is now rectified as follows:

20. a) construction activities for the placement of the bridge crossing; and
