EARLY DAY ADVENTURES - Amendment - Bonanza @ Boulder Creek PM00-173

Dear Water Board,

Please find enclosed an amended Water License Application and Mining Land Use Operating Plan in the name of Early Day Adventures. In this amendment is the addition of one more placer claim that is contiguous with Mr. Troberg's existing claims, an increase in the amount of water to be licensed, a name change from an individual to a company and a time extension to the existing license to provide the applicant with a 10 year window from the date of issuance of this amendment.

The claim being added in the amendment is located on the left bench of Bonanza Creek in the vicinity of the confluence of Boulder Creek and 44 Gulch with Bonanza Creek. The enclosed Amendment updates the original June 2000 submission to reflect the additional information required by governing agencies and the proposed mining plan that will be used on this new claim. Accompanying this Amendment submission is a completed Schedule IV, an Emergency Spill Response summary, an Aboveground Storage Tank (AST) summary, a Habitat Restoration Plan, and a covering letter from Rical Mining Ltd. to invoice all filing fees for the 10 year Application to a Visa card.

I am assisting the Applicant in completing this submission and should any questions arise during its review process, please do not hesitate to contact me immediately by e-mail, phone or fax. To allow me to follow this submission through to fruition and then advise my client of their legal obligations as outlined in the issued license, I will require the following items to either be e-mailed, faxed or mailed to me at the same time they are placed on file by the Water Board and subsequent forwarding to the Applicant:
