Attention: Josée Bonhomme

**RE: Water Use Application PM09-666, Michel Vincent, Moosehorn Creek**

I have completed my review of the above referenced water use application. In order to continue processing your application, I will require your attention to the following:

Application

1. Please refer to item 12 of the Information Sheet. You are asked to describe variations of the terrain such as swamps/marsh, canyon, waterfalls, benches, etc. In response you indicated "small creek in a small valley." Please confirm if there are any other features to describe the area, further to the generic description provided.
2. Please refer to the Appendix F Worksheet. Please update the lower portion of the worksheet to include *Top Soil Spreading – Continuous (both banks)* as required by the Workbook (page 92).

Fees

3. As previously confirmed by R. Dunphy via email, the total fees owing is \$560.00. You have confirmed that the payment has been sent by mail. Please be advised that as soon as we receive this payment, our office will issue a receipt.

YESAA

Thank you for identifying your assigned YESAB file #2009-0202 and noting that the assessment is in the "recommendations sent" phase.

Once you have received your Decision Document from the YESAA process, please provide the completed YWB Project Confirmation Form that was sent to you, indicating that your Water Use Application conforms to the Project proposed and assessed by YESAA, and incorporates any required changes that have arisen during that process.

Water Use Application PM09-666

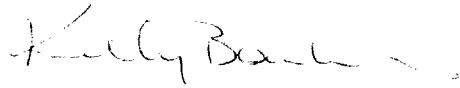

Michel Vincent

Thank you for your attention to the information requested above; I will look forward to your response at your earliest convenience. If you have any questions, please do not hesitate to contact me via email at [ywb@yukonwaterboard.ca](mailto:ywb@yukonwaterboard.ca).

Sincerely,

Kelly Boutilier  
Licensing Officer
