Mr. Heisey,

**Re: Water Use Application PM10-001, Eureka Creek and Indian River**

The Yukon Water Board office received a response letter on February 1, 2010. In order to continue processing your application, the following information/clarification is required:

1. Please note that the Claim Status Report for the Heisey Ventures claims appears to be outdated, as all the claims listed on the report are shown to have expired in 2008. Also, the Claim Status Report for Tamarack Inc. does not include claim P 30591.

Please submit an updated Claim Status Report for all the claims being requested in this application. A Claim Status Report can be obtained from the Mining Recorder's Office.

2. I was unable to locate the Tamarack/ Heisey agreement in the updated information submitted, as described in response to 5. Please provide the referenced Heisey/ Tamarack agreement.
3. The Fuel Spill Contingency Plan that was re-submitted does not reflect the updated contact information as described in response to question 6. Please ensure the correct contact information for Dawson Client Services and Inspections, (867) 993-7300, is reflected in an updated Fuel Spill Contingency Plan.
4. The updated sketch of the mining plan submitted on page 80 depicts a bypass around the instream reservoir. The bypass is also described in the application, question 78. For the purposes of licensing, the Board would consider this a seasonal diversion of the creek. Please update page 52 to ensure that it is clear that a seasonal diversion is being requested. If my understanding is not correct, please explain.
5. Please complete Appendix B of the worksheets to include a sketch of the existing ford location as well as the table of reclamation requirements.
6. Please complete Appendix F of the worksheets to include a sketch of the diversions and fish habitat features. In addition, please ensure that the requirements table for the fish habitat features is completed.

Thank you for your attention to the information requested above; I will look forward to your response at your earliest convenience. If you have any questions, please do not hesitate to contact me (collect) at (867) 456-3987.

Sincerely,

A handwritten signature in cursive script that reads "Joelle Janes".
