Mr. Heisey,

Re: Water Use Application PM10-001, Eureka Creek and Indian River

The Yukon Water Board office received a response letter on February 15, 2010. In order to continue processing your application, the following information/ clarification is required:

1. On page 12 of the application, you have indicated a proposal to include claim 42064 (Lee #23) as part of the project area. Claim 42064 is not included on the Claim Status Report nor the mining claim maps. Perhaps it was intended to read 42024. Please update where required.
2. In the last correspondence received from T. Osler, it was clarified that all references to P 30591 should be P 30491. Unfortunately this error was made throughout the application, included the Heisey Tamarack Agreement.

Please update pages 21, 54 and the Heisey/ Tamarack Agreement to ensure that the claim P 30491 is reflected.

Thank you for your attention to the information requested above; I will look forward to your response at your earliest convenience. If you have any questions, please do not hesitate to contact me (collect) at (867) 456-3987.

Sincerely,

Joelle Janes
Licensing Officer
