**YUKON WATER BOARD
REASONS FOR DECISION**

**Cancellation of Water Use Licence PM05-506, Frank Hawker
and Mining Land Use Approval AP05506**

The Yukon Water Board ("the Board") has concluded deliberations and has approved the cancellation of the following type B water use licence for a Placer Mining Undertaking:

Water use licence PM05-506 and Mining Land Use Operating Plan Approval AP05506 issued to Frank Hawker.

Cancellation of PM05-506 and AP05506 was requested by the Licensee in conjunction with his Application PM10-030. That new licence and related mining land use approval include all of the grants within PM05-506. The Board relied on the granting of PM10-030 and AP10030 and the assumption of liability thereby when approving the cancellation of PM05-506.

Notice of the application for cancellation was provided in accordance with the requirements of the *Waters Act* and the *Placer Mining Land Use Regulation*. The Board received no interventions.

The Board has relied on the representations, warranties and undertakings provided by the Licensee in the material filed in the application for cancellation.
