Re: Water Use Application QZ04-065, Yukon Zinc Corporation
Request to Extend Deadline for Submission of Interventions

The Yukon Water Board has received your letter dated March 23, 2007 requesting additional time to review this application. The applicant has advised that they do not oppose an extension.

Unfortunately, the Board cannot accommodate your request to extend the deadline until April 13, because Board members and consultants require some time between the intent date and the hearing date to review the material and prepare for the hearing.

However, the deadline has been extended to Wednesday, April 11, 2007 at 4.30 pm.

For additional information about the Water Board public hearing process, please contact our office or visit our website <http://www.yukonwaterboard.ca>
