Dear Ms. Scheu,

RE: Water Use Application QZ08-084, Carmacks Copper Ltd.
 Carmacks Copper Heap Leach Mine Project

The opportunity to submit an intervention regarding the above noted project was received November 30, 2009. Thank you for the opportunity to comment.

DFO submitted comments during the YESAB process (YESAB file #:2006-0050), confirming that there will be no instream work with the exception of a bridge. Access Consulting confirmed that DFO's Operational Statement for Clear-span Bridges will be used during construction.

DFO does not have any additional comments at this time. If you have any questions, please contact me directly by telephone at (867) 393-6766, or by fax at (867) 393-6737.

Yours sincerely,
